MEMORANDUM FOR: Director of Logistics

ATTENTION: Chief, Real Estate and Construction
Division/OL

FROM: [REDACTED]
Director of Training and Education

SUBJECT: Request for Delegation of Contracting
Authority - Hot Water Line and Condensate
Line Replacement

1. This memorandum is a request for contracting authority to be delegated to [REDACTED] for the execution and administration of a contract for replacement of hot water and condensate lines at [REDACTED]. The current working estimate for this project is \$56,000.

2. For the past two heating seasons [REDACTED] has experienced considerable problems with the hot water and condensate lines which provide domestic hot water and heating to Public Works. [REDACTED]

[REDACTED] A number of leaks have occurred which have required the distribution system to be shut down entirely while necessary repairs were being made. Presently, approximately 250 feet of underground hot water and condensate piping, plus conduit to run them in, is needed prior to the 1982/1983 heating season.

3. It is requested that the Director of Logistics delegate to [REDACTED] the authority to execute and administer a fixed-price competitive bid contract in an amount not to exceed \$60,000 for the described work. The contract will be executed no later than 30 September 1982, and contract administration will be in accordance with Defense Acquisition Regulations. Funds in the amount of \$60,000 are available in [REDACTED] Fiscal Year 1982 budget for performance of this work.
